

After School Clubs Volunteer Form

Dear Families:

I'm looking into the possibility of starting additional after school clubs at Waubesa School. Since funding is not available for this kind of endeavor, the clubs would need to be supported by volunteers. A few parents have shared an interest in helping to lead a club. After compiling your feedback, we can evaluate the level of support needed to operate these clubs.

Please check all areas that you would be interested in either leading or helping to organize and supervise.

Each club would meet one or two days a week (dependent on leader's schedule) from 2:55 – 4:00. I was thinking we could run the clubs from approximately the first week in November until the last week in March which is our spring break. A meeting would be set up with club leaders to organize and plan the specific details.

Thank you for considering becoming involved in this opportunity for our students.

Sincerely,

Sue Murphy
